INTRO: B / B E/gis / E/gis / CisM / CisM / B / Fis

C

Thank You my father

CisM

You gave up One most precious

E

There was nothing You wouldn't give

FisM

To win my heart and make me righteous

DM

You knew it'd be the only way

Fis

Through his blood my heart can say:

B

Whiter than snow

E/gis

I'm cleansed, redeemed and forgiven!

CisM

Though I'll never know

B

The price You paid for me

Whiter than snow

I'm cleansed, redeemed and forgiven!

And all that I know

You paid the price for me

Thank You my father

For the fullness of your grace

All of heaven stood in awe

As You sacrificed your son in my place

You knew it'd be the only way

Through his blood my heart can say:

Through Your suffering, beyond your pain

I am fully cleansed from all my blame!
